

# Cloud Authoring by Elucidat

Elucidat

# WHAT IS CLOUD AUTHORING

**Cloud Authoring is Elucidat, and Elucidat is a powerful web based tool that enables you and your team to develop HTML5 learning modules with an amazing look and feel and creating your own interactions without needing to know how to code.**

## **Cloud is key**

Publishing to an LMS takes seconds and changes are delivered instantly with no need to re-upload to your LMS. You can edit everything in place with integrated commenting and reviewing, which will save you hours, and make multiple versions for translations or localisations easily, from one central resource.

## **One course for all devices**

Your course will work perfectly on all Desktops, tablets and phones, out of the box, making it accessible to every learner. No need for mobile versions, Flash fallbacks or accessible versions, just by entering your content once, Elucidat will automate the rest.

## **Accessibility features**

Elucidat courses are also Section 508 compliant and work in JAWS screen readers.

## **Built for virtual teams**

This tool will help you in the creating process: your writers, designers, testers and developers can all collaborate on the same project and leave comments in situ.

# TOOL SPECIFICATIONS

## Here you have the Elucidat “Yes list”!

£1,500.00 + VAT

### FAQ

#### How long do contracts last?

- Minimum contract term is 1 year.

#### Can I download my courses?

- Yes! You can make an 'Offline Backup SCORM release' that contains all of your course assets and will work Offline.

#### How do I cancel?

- Easy - just drop us an email.

#### Which Browsers do you support?

- We support all of the major browsers, and courses work back to IE 7/8, and in screen readers such as JAWS.

#### What does unlimited mean?

- Unlimited means that we do not meter your usage, although in accordance with our T&Cs - courses should not be used for file sharing - so usage has to be fair.

#### Do I need an LMS?

- Not necessarily - although we have some great LMS partners if you are shopping around.
